100,000 MISSIONS POSSIBLE | JUNE 9, 2023

## WE'RE GETTING READY TO CELEBRATE AND YOU'RE INVITED!

In 2023, Angel Flight West will commemorate not one, but two amazing milestones: our 40th anniversary and our 100,000th mission.

Forty years ago, a small band of pilots gathered in the lounge at Santa Monica Airport. They were looking for a way to give meaning to their flying. And Angel Flight West was born.

Forty years later, we're still here at the airport. But we've grown. We have volunteer pilots all across the western states, and airline partners like Alaska Airlines that donates tickets.

On Friday, June 9th, we'll come together again under the Space Shuttle Endeavour at the Samuel Oschin Pavilion, at the California Science Center in Los Angeles to thank and celebrate Angel Flight West's founding pilots, and the life-saving flights made possible by volunteer pilots across the nation.
